Hitting the Bullseye in Lung Cancer: Advances in Molecular Testing and Treatment of EGFR Tyrosine Kinase Inhibitor Resistance

MEETING OVERVIEW

Hitting the Bullseye in Lung Cancer: Advances in Molecular Testing and Treatment of EGFR Tyrosine Kinase Inhibitor Resistance is a prIME Oncology activity that will focus on the presentation and discussion of newly available data. Attendees will participate in an interactive combination of clinical scenarios and didactic presentations, fostering discussion and impacting clinical outcomes for patients with EGFR-mutant non-small cell lung cancer (NSCLC).

AGENDA

Introduction
Advances and Challenges in Molecular Testing in NSCLC
Treatment Options for EGFR-Mutated NSCLC (interactive case-based discussion)
Brain Metastasis in EGFR-Mutant NSCLC
Future Directions
Q&A
prIME Points

CONTINUING EDUCATION

prIME Oncology is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

This activity has been approved for AMA PRA Category 1 Credit™.

TARGET AUDIENCE

This educational activity designed to meet the needs of community-based medical oncologists, nurses, fellows, pathologists, and other healthcare providers who treat and manage patients with lung cancer.

LEARNING OBJECTIVES

After successful completion of this educational activity, participants should be able to:

- Incorporate optimal molecular testing strategies, including liquid biopsy, for newly diagnosed and relapsed NSCLC
- Interpret and apply pathologic and molecular data in personalized treatment selection
- Identify mechanisms of action and efficacy/safety profiles of available and evolving therapies for acquired resistance to EGFR tyrosine kinase inhibitor (TKI) therapy

PROVIDER

This activity is provided by prIME Oncology.

SUPPORT

This educational activity is supported by a grant from AstraZeneca.

REQUEST THIS ACTIVITY IN YOUR AREA

Sunshine Act
prIME Oncology complies with all Sunshine Act reporting requirements as outlined by CMS and applicable manufacturers. See https://www.cms.gov/OpenPayments/About/How-Open-Payments-Works.html for more information.
